

Update on Care for Earth, Care for Each Other - 2007

REGION SIX

- continued to raise consciousness about water conservation, i.e. no bottled water, using water early in the day**
- continued to educate family, businesses, local government, and congregations**
- financial support for a well in Uganda in conjunction with CROSS International Organization**

A purple-toned landscape with mountains and a winding river. The mountains are in the background, and a river winds through the valley in the foreground. The overall tone is a soft, monochromatic purple.
